# Fix Text that previews and prints as Outline

ELEVATION

Text appearing as outlines, not solid, when you preview and print? Check your plot setting "Hide paperspace objects."

Plot options

☐ Plot in background

☑ Plot object lineweights

☑ Plot with plot styles

☑ Plot paperspace last

➡ ☑ Hide paperspace objects

☐ Plot stamp on

☐ Save changes to layout

ELEVATION

Un-check "Hide paperspace objects" in the plot window (Ctrl+P or PLOT) to plot text properly.
